YASHWANTH GOWDA K S

PROFILE

Dynamic and innovative software developer with a passion for creating cutting-edge applications and solving real-world problems. Experienced in developing user-centric solutions using Flutter, blockchain, and web technologies, including projects like a Decentralized Lending Platform and a portfolio website with immersive animations. Skilled in Java, C, and interactive design, with a proven ability to lead and collaborate effectively in team environments. Driven by curiosity and a commitment to excellence, I thrive on turning ideas into impactful digital solutions.

EDUCATION

CSE-AI Engineering, Maharaja Institute of Technology Mysore

September 2023 — September 2027

Dedicated and ambitious student at MITM, consistently striving for academic excellence and skill development. Achieved a strong foundation in core subjects, with a steady improvement in performance reflected by a 1st-semester CGPA of 7.65, 2nd-semester CGPA of 9.05, and an overall CGPA of 8.35. Passionate about exploring emerging technologies and leveraging my learning to build innovative projects and solutions.

HOBBIES

An enthusiastic learner with a variety of hobbies that fuel creativity and personal growth. I enjoy exploring new technologies, coding innovative projects, and designing interactive experiences. Outside the tech world, I love delving into astronomy, sketching, and playing chess, which sharpen my focus and problem-solving skills. My hobbies not only inspire me but also keep me balanced and motivated.
